AYMEN OUERGHUI

SOFTWARE ENGINEER | ANGULAR & TYPESCRIPT | FULL-STACK DEVELOPMENT

Hamburg, Germany · aymenouerghui0@gmail.com

linkedin.com/in/aymen-ouerghui/ · github.com/aymenouer

PROFILE

Software Engineer with 3+ years of professional experience developing web applications, specializing in Angular and TypeScript. Experienced in Nx monorepos, NgRx SignalStore, frontend architecture, GraphQL and design systems. Previous full-stack development with Node.js/Express and academic Java/Spring Boot projects; expanding backend expertise to grow into an end-to-end software engineering role.

TECHNICAL SKILLS

Frontend Angular, TypeScript, JavaScript, RxJS, NgRx SignalStore, Nx, HTML/CSS, Sass, Storybook

Backend & APIs Node.js, Express.js, REST APIs, GraphQL, Java, Spring Boot (academic projects)

Testing & tooling Vitest, Git, GitLab, Docker, CI/CD, Maven, JUnit, Jenkins, SonarQube

Databases MongoDB, MySQL, SQL

PROFESSIONAL EXPERIENCE

Frontend Engineer | Immomio GmbH

Aug 2023 – Present

Hamburg, Germany · Full-time

- Build and maintain Angular and TypeScript applications in an Nx monorepo, using RxJS and NgRx SignalStore for complex frontend workflows.
- Refactor and modularize frontend code using Domain-Driven Design principles, improving boundaries between features, UI and data-access layers.
- Develop reusable UI components and contribute to the internal design system, including consistent styling and white-label requirements.
- Integrate GraphQL APIs and collaborate with backend engineers, designers and product teams to deliver reliable web features.
- Improve maintainability through code reviews, refactoring and unit tests with Vitest; use AI-assisted tools to support development workflows.

Software Engineer (Intern) | AdDefend GmbH

Aug 2022 – Jul 2023

Hamburg, Germany · On-site

- Developed JavaScript-based solutions integrating advertising technology with publisher websites across different page layouts and browser environments.
- Investigated delivery and integration issues through server logs and JSON-based scripts; implemented and verified fixes.
- Worked with consent-management scenarios and engineering teams to improve integration reliability and compatibility.

Full-Stack Developer (Intern) | Innovant Studio

Jun 2021 – Aug 2021

Tunisia

- Built a screen management and content-display application with an administration dashboard and an Electron-based screen player.
- Developed frontend and backend features using Next.js, Node.js, Express.js and MongoDB; integrated dynamic content displays.

Full-Stack Developer (Intern) | XPR

Jul 2020 – Sep 2020

Tunisia

- Built Angular features for an accounting and business-management application, including user management, search, pagination and tax-related workflows.
- Worked with Node.js, Express.js and MongoDB integrations as part of the project stack.

EARLIER EXPERIENCE

Web Development Intern | IB-SOFT Jul 2019 – Aug 2019

Tunisia

- Developed web features for user management and administrative workflows using HTML, CSS, JavaScript and database integration.

SELECTED ACADEMIC PROJECTS

Spring Boot Application — CI/CD & DevOps | ESPRIT Sep – Dec 2021

Java, Spring Boot, Jenkins, Maven, JUnit, SonarQube, Nexus, Docker

- Built a Jenkins-based CI/CD pipeline for a Spring Boot application, covering builds, unit testing, code-quality checks and artifact management.

3aweni — Social Networking Platform | ESPRIT Feb – Jun 2021

React, Node.js, Express.js, MongoDB

- Developed a collaborative networking platform for discussion, skills sharing and career-related communities; deployed a public demo.
- 1st place — ESPRIT Projects Competition, 2021.

Live demo: 3aweni.netlify.app

Event Management — Full-Stack Application | ESPRIT Nov – Dec 2020

Angular, Java, Spring Boot, MongoDB

- Developed event discovery and management features across an Angular frontend and Spring Boot backend, with MongoDB data storage.

LEADERSHIP & VOLUNTEERING

Local Committee President | AIESEC in Hamburg Jan 2024 – Jan 2025

Volunteer leadership · Hamburg, Germany

- Led a volunteer committee of approximately 40 members; coordinated the Executive Board, strategic priorities and organizational performance.

Local Committee Vice President — Incoming Global Talent | AIESEC in Hamburg Feb 2023 – Feb 2024

Hamburg, Germany

- Coordinated international internship operations, stakeholder communication and initiatives to improve participant experience and processes.

Earlier: Team Leader, Brand Management & Audit — AIESEC Tunisia (Feb 2021 – Feb 2022).

EDUCATION

Computer Engineering (5-year program) | ESPRIT 2017 – 2023

Tunis, Tunisia

CERTIFICATIONS

Apollo GraphQL — Graph Developer Associate (2022) · Coursera — Server-side Development with Node.js, Express and MongoDB (2021) · Coursera — Front-End Web Development with React (2020)
